

The Future of Smoking in Australia –The Challenges We Face
Todd Harper, Director VicHealth Centre for Tobacco Control and Quit Victoria

Australia is a world leader in the field of tobacco control, but before we are tempted to declare tobacco a public health problem of the past we need to focus on the fact that smoking is still the leading cause of preventable death and smoking levels among some groups are higher than others.

Taking a look at the big issues that are set to dominate the tobacco control landscape in the future, Quit Victoria's Todd Harper, will examine the opportunities and obstacles that lie ahead before posing the question: when it comes to smoking levels just how low can we go? What challenges remain?
